(COUNCIL SECRETARY)

April, 2023

HDA AUDIT
(CHARTERED ACCOUNTANTS)

**REPORT OF THE AUDITORS TO THE MEMBERS OF THE GOVERNING COUNCIL
OF THE FEDERAL UNIVERSITY OF TECHNOLOGY MINNA, NIGERIA**

We have examined the Financial Statements of Federal University of Technology Minna set out on pages 10 to 26 which have been prepared on the basis of the Accounting Policies set out on pages 6 to 9.

Respective Responsibilities of Governing Council, Management and Auditors

In accordance with the Constitution of the Federal Republic of Nigeria, the National Universities Commission Act, and the Federal Government of Nigeria Financial Regulations, the Governing Council of the University and its Management are responsible for the preparation of the Financial Statements. Our responsibility as statutory auditors is to form an independent opinion, based on our audit, on those statements and to report our opinion thereon to you.

Basis of Opinion

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary to provide us with sufficient evidence to give reasonable assurance that the Financial Statements are free from material misstatement, whether caused by fraud, other irregularities or errors. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the Financial Statements.

In our opinion, proper books of accounts have been kept by the University and Financial Statements thereon are in agreement therewith for those books of accounts being presented to us for the audit review.

Opinion

In our opinion, the books of accounts and records which are covered by Federal Government of Nigeria Financial Regulations were kept in all manner as normally maintained by Government agencies. The Financial Statements are in agreement with the records and books of accounts, and give a true and fair view of the state of the University's financial position as at 31st December, 2022 and of its financial performance and cash flow statement for the year ended on that date.

FEDERAL UNIVERSITY OF TECHNOLOGY, MINNA
FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST DECEMBER, 2022
NOTES TO THE FINANCIAL STATEMENTS

1. Statement of compliance and basis of preparation – IPSAS 1

The entity's financial statements have been prepared in accordance with and compliance with International Public Sector Accounting Standards (IPSAS) as issued by the International Public Sector Accounting Standard Board (IPSASB). The financial statements are presented in Nigeria's Naira, which is the functional and reporting currency of the entity. The accounting policies have been consistently applied to all the years presented.

The financial statements have been prepared on the basis of historical cost, unless stated otherwise. The financial statements are prepared on accrual basis.

2. Summary of Significant accounting policies

a) Revenue recognition

i) Revenue from non-exchange transactions – IPSAS 23

Receipts

The entity recognizes Personnel, Overheads, and Capital Grants received from the Federal Government from when the event occurs, while Internally Generated Revenue (IGR) represents actual income from Students Registration Fees and other Incomes received by the University from the public. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the entity and the fair value of the asset can be measured reliably.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

FEDERAL UNIVERSITY OF TECHNOLOGY, MINNA
FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST DECEMBER, 2022
NOTES TO THE FINANCIAL STATEMENTS

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

b) Budget information – IPSAS 24

The annual budget is prepared on the accrual basis, that is, all planned costs and income are presented in a single statement to determine the needs of the entity. As a result of the adoption of the accrual basis for budgeting purposes, there are no basis, timing or entity differences that would require reconciliation between the actual comparable amounts and the amounts presented as a separate additional financial statement in the statement of comparison of budget and actual amounts.

c) Property, plant and Equipment – IPSAS 17

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the entity recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

i. Depreciation

Items of property, plant and equipment are depreciated from the date they are available for use or, in respect of capital-work-in-progress, from the date that the asset is completed and ready for use.

Depreciation is calculated to write off the cost of items of property, plant and equipment less their estimated residual values using a straight-line basis over their estimated useful lives. Depreciation is generally recognized in statement of financial performance, unless the amount is included in the carrying amount of another asset.

FEDERAL UNIVERSITY OF TECHNOLOGY, MINNA
FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST DECEMBER, 2022
NOTES TO THE FINANCIAL STATEMENTS

The estimated useful lives for the current and comparative years of significant items of property, plant and equipment are as follows:

Item of PPE Depreciation rate

Items	%
Land & Buildings	2
Plant and Machinery	20
Sports Facilities	10
Office Furniture & Fittings	20
ICT Equipment	20
Motor Vehicles	20
Library Books & Journals	10
Lecture Hall Furn. & Equipment	10
Students Hostel Furn. & Equipment	10
Residential Furn. & Equipment	10
Laboratory Furn. & Equipment	10
Road Network	5
Water Reservoir	15

d) Inventories – IPSAS 12

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

Medical, Stationeries and other consumables: lower of cost and net realizable Value method.

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution.

Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

FEDERAL UNIVERSITY OF TECHNOLOGY, MINNA
FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST DECEMBER, 2022
NOTES TO THE FINANCIAL STATEMENTS

e) Provisions – IPSAS 19

Provisions are recognized when the Entity has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Entity expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

f) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Nigeria (TSA and GIFMIS) at the end of the financial year.

g) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

h) Subsequent events – IPSAS 14

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended December 31, 2022.
